

Using the 4-H Name and Emblem

Updated 2020

The 4-H Youth Development Program is the youth outreach program from the Land Grant Universities, Cooperative Extension Services, and the United States Department of Agriculture. The 4-H Name & Emblem is intended to represent the ideals of the program with its focus on Head, Heart, Hands, and Health. Today, it is one of the best-known and most valued images emblematic of a century of 4-H achievement. The 4-H Name & Emblem is very important to us as an organization because it represents who we are.

What is the 4-H Name & Emblem?

The official 4-H Emblem is a clover with four leaves and an “H” on each leaf. The clover’s stem must point to the right as you look at the image. The 4-H Emblem is not a plain four-leaf clover. The 4-H Emblem should appear in specific colors and in its entirety. The 4-H Name & Emblem belongs to the 4-H Youth Development Program, under the authority of USDA and anyone wishing to use it must obtain permission to use it ahead of time.

How Do I Get Permission to Use the 4-H Name and Emblem?

It depends on who you are and for what reason you wish to use the 4-H Name & Emblem: 4-H Club or Program member or volunteer leader? Commercial vendor? Event, activity or program affiliated with 4-H? Private, non-profit organization?

If you are a 4-H member or volunteer, you are permitted to use the 4-H Name & Emblem once your program is chartered with the official 4-H Charter from 4-H National Headquarters at the Institute of Food and Agriculture (NIFA), within the United States Department of Agriculture (USDA). If you are a commercial vendor, private organization or any other entity, you need to contact either the local Extension office or the Wisconsin State 4-H Office to determine what steps you need to take for your use of the 4-H Name & Emblem. Anyone wishing to use the 4-H Name & Emblem in a way that does not specify a local or state program, should contact the University of Wisconsin-Madison Division of Extension.

In all private and commercial use of the 4-H Emblem, the statement “18 USC 707” must legibly appear either to the right of the base of the stem or below the lower right leaf of the clover. In use internal to the Cooperative Extension System (all 4-H Youth Development programs and clubs duly given authorization to use the 4-H Name & Emblem) use of the statement is at the discretion of the Wisconsin 4-H State Program Manager.

Whoever uses such emblem or any sign, insignia, or symbol in colorable imitation thereof, or the words “4-H Club” or “4-H Clubs” or any combination of these or other words or characters in colorable imitation thereof, without being duly authorized, shall be fined not more than \$5,000 for individuals and \$10,000 for groups, or imprisoned not more than six months, or both.

Did You Know?

The 4-H Name & Emblem is a highly valued mark within our country’s history. As such, it was granted a very unique and special status; it is in a category similar to the Presidential Seal and the Olympic Emblem. This federal protection makes it a mark into and of itself with protection that supercedes the limited authorities of

both a trademark and a copyright. As a result, responsibility and stewardship for the 4-H Name & Emblem were not given to the U.S. Patent Office but were given to a higher level of the federal government, a member of the Cabinet, the Secretary of Agriculture. The Secretary has responsibility for the 4-H Name and Emblem, at the direct request of Congress. The “18 USC 707” is the statement in the United States Code that outlines the protection of the 4-H Name & Emblem.

Using the 4-H Name & Emblem: Graphics Basics

The Official 4-H Emblem

The Official 4-H Emblem is a 4-leaf clover with an H in each leaf, with the stem turned to the right. The Emblem may be two-dimensional (flat) or three dimensional (with shadows that show depth and perspective). Authorized users of the 4-H Emblem should take care to ensure that when they use the Emblem, they have done the following:

1. They have obtained the Official 4-H Emblem and are using it in its entirety.
2. They do not “flip” the image to create a framed look. The stem on the 4-H Emblem must point to the right as you look at the image. Under no circumstances should the stem be changed to point to the left.
3. They are familiar with resizing graphics through the software application being used, and do not distort or warp the dimensions of the Emblem.
4. The 4-H Emblem is never used to imply endorsement of any product or material.
5. They follow the graphic use guidelines outlined in this document, or for additional information, contact UW-Madison Extension.

Use the Whole Emblem

The 4-H Emblem should always appear in its entirety - meaning it should always appear as a whole and complete image - the image recognized by millions of people. This means:

Don't remove any leaves. If you are using a clover image that has an “H” on each leaf, the leaves cannot be removed or have another image superimposed over the top of one of the leaves. Other images should be moved and appear completely separate from the 4-H Emblem. This also means you shouldn't “cut off” a leaf by running it off the edge of the paper in print media or other designs.

Don't place text or other images over or on top of the 4-H Emblem. The 4-H Emblem should not appear screened under words or graphics. No photo, drawing, symbol, word or other figure or object may be placed on or obscure the 4-H Emblem. This includes on web pages, where it should not appear as a “watermark” behind other information.

Keep It Upright

In general, the 4-H Emblem should not be rotated or turned on its side. There are some exceptions, such as on fabric where the emblem is scattered randomly across the fabric or in other random designs. If you are considering an exception, please contact UW-Madison Extension.

Color

The University of Wisconsin–Madison does not discriminate in its employment practices and programs and activities on a variety of bases including but not limited to: age, color, disability, national origin, race, or sex. For information on all covered bases, the names of the Title IX and Americans with Disabilities Act Coordinators, and the processes for how to file a complaint alleging discrimination, please contact the [Office of Compliance](#), 361 Bascom Hall, 500 Lincoln Drive, Madison WI 53706, Voice 608-265-6018, (relay calls accepted); Email: uwcomplianceoffice@wisc.edu. © 2019 Board of Regents of the University of Wisconsin System

The 4-H Emblem should never be screened, shaded, gradated, or appear in a multi-colored hue. The official and preferred color of the 4-H Emblem is 100 percent PMS 347 green, (The H's reversed out to the color of the paper on which the emblem is printed). The clover can also be white, black, or metallic gold. The H's on the clover can be white, metallic gold (only on a green clover), green (only on a white clover), or black. The clover can be outlined in green (for white clo-ver) or white (for green clover) to add prominence to the image and make the emblem stand out from the background.

One-color printing requires either PMS 347 green or black. For commercial applications, the “18 USC 707” notice should be the same color as the clover leaves. Black is the only acceptable alternative to green for one-color printing and should be used only when cost prohibits green ink or color photocopies.

Two-color printing - Only PMS 347 green may be used for the leaves and “18 USC 707” notice - the H's will be reversed out of the PMS 347 to be white or the color of the paper on which the emblem is printed. The H's may also be printed in metallic gold (PMS 873) on a green background.

Four-color process (full color printing) - In four-color process printing, PMS colors are approximated using a particular combination of the standard four-color process printing inks. The four-color process percentages required to match 4-H's PMS 347 green are: cyan 100%, magenta 0%, yellow 90%, and black 0%. There is no CMYK equivalent to PMS 873.

Video and Computer Screen Colors (Electronic Media) The colors transmitted by electronic media are created using precise combinations of RGB (red, green, blue). The correct RGB values for the 4-H green are: R=51, G=153, B=102. No other colors are acceptable.

For exceptions to the guidance provided regarding color, especially in non-print or corollary materials, please contact Extension.

Distortion and Proportion

The appearance, shape, and proportion of the 4-H Emblem should never be distorted to fit in an imprint space. Do not make the 4-H Emblem longer, taller, wider or angled. Do not alter the shape in any way. The overall size of the 4-H Emblem may be changed, but the proportions must remain intact. All standard word processing software applications allow you to scale an image while maintaining its original proportions. Before rescaling the 4-H Emblem, please consult your software manual for proper instructions. Do not make the 4-H Emblem so small that the H's are no longer clearly legible.

Using the 4-H Name

The official 4-H Name includes 4-H, 4-H Youth Development, or 4-H Youth Development Program. When using the term “4-H” it must conform as follows:

- Numeral “4” separated from a capital “H” with a hyphen (not a dash, slash or space).
- It is well documented in English usage, as well as in the most familiar style manuals, that you should never begin a sentence with a numeral. To comply with this rule, you would need to begin a sentence

using “Four-H.” This language rule, however, is contrary to the regulations set down for use of the 4-H Name & Emblem; if such a situation arises in writings, it is far better to reword the sentence slightly to avoid the language rule. An exception to this would be in writing news headlines where the 4-H name would be better served by using the familiar numeral-hyphen-letter combination to provide instant recognition.

- Do not use the 4-H Emblem in place of the word “4-H” in a title or text.
- Avoid separation of any of the elements of the 4-H Name at the end of sentences. This can sometimes be difficult because some software programs override user commands. Often, these overrides do not become visible until after printing or posting to a web page: careful scrutiny of text after trial printing or posting is advised. If such overrides occur, try rewording your sentence to keep the entire name on the same line or add a small word or space between words to force the separated portions together on the next line.

Using the 4-H Emblem on Collateral Items

The 4-H Emblem can be used for collateral materials such as jewelry or fine art and may be made of metal (e.g. copper, bronze, gold or silver), glass, leather, or wood without conflicting with the color specifications for the 4-H Emblem. Ceramic, plaster, paper, fabric or any materials that are colored or painted must comply with the color specifications and all other guidelines.

Use of the emblem on fabric, whether painted, screen printed, embroidered, appliquéd, or some other technique, must accurately represent the 4-H Emblem in authorized colors and adhere to all other use guidelines.

The 4-H Emblem is not open to reinterpretation or reconfiguration, regardless of its intended use, including the development of materials such as jewelry, sculpture, furniture, signage, crafts, or other fine art.

Using the 4-H Name and Emblem in Animation

Animation of the 4-H Name & Emblem is allowable provided that the animation is in keeping with the guidelines, and that at the end point of the animation (where the animated loop begins to repeat, if in an ongoing loop), the 4-H Name & Emblem appear in a manner that meets all guidelines for its use. Effects that may be used as part of an animation loop include: swivel and rotate, transition and dissolve, fly-by, layer, and posterization.

Animation may also show the 4-H Emblem on a waving flag, on a float that is partially hidden by crowds watching a parade, being placed in a box or behind a curtain, twirling as it “dances,” “separating” as it forms the doors opening to welcome you to the 4-H Program, be partially hidden as it forms the backdrop for a youth speaking about 4-H, slowly come into focus or formation as the 4-H Emblem from an amorphous or other background, or completing itself as the clover leaves are added one by one to form the 4-H Emblem and each “H” is explained. In each of these cases, the 4-H Emblem may be temporarily blocked, in whole or in part, or have its shape altered. The end point of the animation must still comply with the guidelines.

For additional information or guidance related to animation applications for the 4-H Name & Emblem, contact Extension.

Using the 4-H Name and Emblem in Partnership with Others

The 4-H Name & Emblem may be used in conjunction with the names, emblems, and word marks of other organizations and programs when 4-H is a partner, co-author, sponsor, or supporter or in some other official relationship. When feasible, the nature of the relationship among the organizations or programs should be clearly defined (e.g., in partnership with, sponsored by, etc.), and the 4-H Emblem should be given prominence consistent with its role in the relationship.

The 4-H Emblem should not be used or integrated into a larger design in such a manner that it becomes difficult to recognize or distinguish, or that is not consistent with the graphic guidelines for use of the 4-H Emblem.

To avoid the appearance of endorsement of a program, product, or service, the 4-H Emblem may not be incorporated into a larger design of a program, product, or service that is protected by trademark, service mark, copyright, or other similar laws. It is not acceptable to incorporate the 4-H Emblem into any other organization's logo or emblem. The authority for determining the proper display and use of the 4-H Emblem rests with 4-H National Headquarters.

Permission to use the 4-H Name & Emblem is not required when the 4-H Name & Emblem is used to link to an official 4-H website in keeping with the policies and guidelines of 4-H National Headquarters.
