Follow the arrows to explore your project options with 4-H.

What do you like to do indoors?

Do you enjoy creating delicious food, decorating your room, or working with younger children?

Do you enjoy exploring new technologies, creating experiments, and discovering the basics of programming?

Do you love spending time outside?

Do you like to spend time making plans, help run events, and completing projects?

Do you enjoy working with animals?

You may want to explore STEM

Youth in STEM enjoy things like building with LEGO®, problem solving, working with engines or electricity, exploring outer space, coding, robots, and building things.

You may want to explore Family, Home, & Health

Youth in Family, Home, and Health enjoy learning about things like babysitting, interior decorating, sewing, helping around the house, being healthy, and cooking or baking.

You may want to explore Arts & Communication

Youth in Arts & Communication enjoy making scrapbooks, collecting things, drawing or doing crafts, taking pictures, playing with puppets, or acting and singing.

You may want to explore Ag & Animal Science

Youth in Ag & Animal Science enjoy things like raising healthy animals for fun or food, riding horses, caring for pets, or teaching their dogs tricks.

You may want to explore Environmental/Outdoor Education

Youth in this project area enjoy things like riding ATVs and snowmobiles, learning about insects, hiking and adventure sports, and protecting the environment.

You may want to explore Plant & Soil Science

Youth in Plant & Soil Science enjoy things like growing vegetables or flowers, growing crops, learning about soil, or creating a fairy garden.

You may want to explore Leadership & Community

Youth in Leadership & Community enjoy things like helping younger kids, being camp counselors, leading and organizing events, exploring culture (their own and others'), and working with a team on special projects.
